Please - Thank You - Sorry

PLEASE - THANK YOU - SORRY

Helps everyone feel good

When you say PLEASE - THANK YOU - SORRY

Just the way you should

We say PLEASE when we want something

That's the way to ask

PLEASE is the polite way

So PLEASE use PLEASE to ask

PLEASE - THANK YOU - SORRY

Helps everyone feel good

When you say PLEASE - THANK YOU - SORRY

Just the way you should

When you get something, say THANK YOU

That's just what you say

THANK YOU shows good manners

Use THANK YOU every day

PLEASE - THANK YOU - SORRY

Helps everyone feel good

When you say PLEASE - THANK YOU - SORRY

Just the way you should

We say SORRY when we spill something

And when we make mistakes

If you hurt somebody's feelings

SORRY saves the day

And when you say SORRY

You might get a THANK YOU back

I can't think of anything

As good as that!

I Wash My Hands

I wash my hands before I eat
I wash my hands to get them clean
And after touching sticky things
I wash my hands

I wash my hands, wash every day
'Cause washing keeps the germs away
And after finger painting play
I wash my hands

Wash, wash
Scrub, Scrub
I use soap and water
Wash, Wash
Scrub, Scrub
Do you use soap and water?

Wash, Wash
Scrub, Scrub
I use soap and water
Wash, Wash
Scrub, Scrub
Do you use soap and water?

I wash my hands sometimes for fun
I wash my hands when I'm all done
And after all my friends have gone
I wash my hands

I wash my hands
I wash my hands
I wash my hands

A Hard Day

My teddy had a hard day
It's starting now to show
He tore a seam
Bumped his nose
And even lost his bow

Teddy, don't you worry
I have the thing that works
I'll put my arms around you
And kiss it where it hurts

Mommy had a hard day
I spilled milk on her floors
I made a mess with all my toys
Then I slammed every door

Mommy don't you worry
I have the thing that works
I'll put my arms around you
And kiss it where it hurts

Kisses are good medicine
Like laughter, tears and hugs
Kisses make it better
...The medicine of love

Baby had a hard day
Slipped on milky floors
Hurt my feet on messy toys
Slammed fingers in the door

Baby don't you worry
I have the thing that works
I'll put my arms around you
And kiss it where it hurts

Kisses are good medicine
Like laughter, tears and hugs
Kisses make it better
...The medicine of love

Baby don't you worry
I have the thing that works
I'll put my arms around you
And kiss it where it hurts

I Can Keep It Still

I can hold the ball
I can roll the ball
I can bounce the ball
I can throw the ball
I can toss the ball
I can keep it still

I can hold my doll
I can rock my doll
I can kiss my doll
I can feed my doll
I can help him sleep

Here I Go

Here I go, I'm in a car
Look at me, I'm in a car
Fasten me in and ready to go
In the back seat
Waving out the window
Beep Beep Honk Honk
Vroom Vroom, Here I go!

Here I go, I'm on a train
Look at me, I'm on a train
Here it comes down the track
You're standing clear
and I'm waving back
Chugga Chugga Choo Choo
All aboard, Here I go!

Wheels going 'round
Or with wings
If it goes it's my favorite thing
Wheels going 'round
Or with wings
If it goes it's my favorite thing

Here I go, I'm on a bus
Look at me, I'm on a bus
Window down lookin' around
Waving to people all over town
Honk Honk Next Stop
(Doors Open) Here I go!

Here I go, I'm on a bike
Look at me, I'm on a bike
I can ride around the whole park
I would ride if I could just start
Push Push Pedal Pedal
Brring bring, Here I go!

Wheels going 'round
Or with wings
If it goes it's my favorite thing
Wheels going 'round
Or with wings
If it goes it's my favorite thing

Here I go, I'm on a plane
Look at me, I'm on a plane
Fastened in tight window-side
From my car seat waving to the sky
Shooooooooo whooooo
Ding ding, Here I go!

Here I go, I'm on a boat
Look at me, I'm on a boat
Life jacket on, out to sea
Wavin' at the water, the sky and me
Swish swish paddle paddle
Splash splash, Here I go!

Wheels going 'round
Or with wings
If it goes it's my favorite thing
Wheels going 'round
Or with wings
If it goes it's my favorite thing

If it goes it's my favorite thing
If it goes it's my favorite thing
It's my favorite thing

Special To Me

Today will soon be over
Tomorrow will arrive
Right now I'm going to hold you
Until you close your eyes

Words can't always sum up
The feelings that I feel
So peaceful when you're sleeping
I know you'll hear me still

Singing 'You are very special to me
And I am very special to you
I know that this is where I am meant to be
I'm glad that my baby is you'

Exactly what I wanted
Exactly who you are
I know we'll work together
And we will reach the stars

Families stick together
And family lasts forever
Forever, that's how long
I'll love you

Singing "You are very special to me
And I am very special to you
I know that this is where I am meant to be
I'm glad that my baby is you"

I know this is where I am meant to be
I'm glad that my baby is you
