

SIGNING TIME THEME (2004)

There's singing time and dancing time
And laughing time and playing time
And now it is our favorite time
SIGNING TIME

It's signing time with Alex and Leah
It's signing time with Alex and Leah

Come visit our big tree house
You can visit everyday
There's lots of room for everyone
And we can start today

It's signing time with Alex and Leah
It's signing time with Alex and Leah
It's signing time with Alex and Leah
Come and play

Where friends can meet
and find we're not so different after all
So much to share we love to play
So come on in and share our day

There's singing time and dancing time
And laughing time and playing time
And now it is our favorite time
SIGNING TIME

It's signing time with Alex and Leah
It's signing time with Alex and Leah
It's signing time with Alex and Leah
Come and play

There's singing time and dancing time
And laughing time and playing time
And now it is our favorite time
SIGNING TIME

It's signing time with Alex and Leah
It's signing time with Alex and Leah
It's signing time with Alex and Leah
Come and play, come and play, Come and play

In A House

In a house in a home there are
Mothers and fathers
Sisters and brothers
And there's me me me

In a house in a home there are
Sons and daughters
Grandmothers grandfathers
And there's me me me

I have a family full of people who love me
People who love me
They take care of me
And I know my family is unlike any other
Your family's made for you
And mine is made for me

In a house in a home there are
Aunties and Uncles
Cousins and cousins
And there's me me me

In a house in a home there are
Nieces and nephews
Family and friends
And then there's me me me

I have a family full of people who love me
People who love me
They take care of me
And I know my family is unlike any other
Your family's made for you
And mine is made for me

My puppy is nicer to me than my sister
My goldfish is quiet my kittens are cleaner
I think there's a good chance

That she'll be my best friend someday
Let's wait and see see see

In a house in a home there are
Mothers and Fathers
Sisters and brothers
And there's me me me
And then there's me me me

Beautiful Day

Ready to go it's a beautiful day it's a beautiful day to play
Ready to go it's a beautiful day and we're going outside to play

It is beautiful in spring and summer and fall
And it is beautiful in winter it's winter after all
Any time of year and any time of season
I will play outside without any special reason

Ready to go it's a beautiful day it's a beautiful day to play
Ready to go it's a beautiful day and we're going outside to play

When I look around I see snowflakes on everything
When I look around I see snowflakes on everything
Ready to go it's a beautiful day
It's a beautiful day to play

Let's go outside
I've got my HAT
Put on my GLOVES
Stomp in my BOOTS my BOOTS
My big warm COAT
Here comes the RAIN
And now it's SNOW
Let's play for hours hours

Ready to go it's a beautiful day it's a beautiful day to play

Let's go outside
And touch the GRASS
and feel the WIND
and smell the FLOWERS FLOWERS
climb the TREES
And trace the CLOUDS
and crunch the LEAVES
Let's play for hours hours
Play for hours hours

Ready to go it's a beautiful day it's a beautiful day to play
Ready to go it's a beautiful day and we're going outside to play

It's beautiful in spring and winter and fall
And it is beautiful in summer
it's summer after all
Any time of year and any time of season
I can play outside without any special reason

Feelings

What are you feeling
What are you feeling
Don't keep it bottled up inside
Try try try
Try to tell me what's inside —side —side
Don't keep it bottled up inside
Try try try
And tell me what's inside

Do you feel EXCITED
(Weeeee)

We've Got Love

Take a look around
And count up all you've got
Sometimes it seems a lot
And sometimes it's not enough

Do you love what you see
Are you living your dreams
Sometimes it seems a lot
And sometimes it's not enough

If you have what you need
forget what you want
We don't have it all
But I know we've got

We've got la la la la love
We've got la la la la love
We've got la la la la
La la la la la
La la la la la love

Feel proud of how you give
Versus how you live
Sometimes it seems a lot
And sometimes it's not enough

If you have what you need
forget what you want
We don't have it all
But I know we've got

We've got la la la la love
We've got la la la la love
We've got la la la la
La la la la la
La la la la la love

Got the sun on my skin
And the wind on my face
Feel the rain on my fingertips

And the sky is true blue
And the sunset's for me
If I just lift my eyes up to see it

We've got la la la la love
We've got la la la la love
We've got la la la la
La la la la la
La la la la la love

You know we're not the same

Give us each a little credit

Pay attention when you've said it

All in a line

Give us each time

Let's say it again (LMNO)

4 in a row, a perfect fit

With our own sounds and benefits

So much better go much farther

If you work a little harder

Let's say it again

LONELY LETTER X

I'm a lonely letter
I'm an X
I know you can't imagine what's neXt
You only need me to have an X-ray
I'm the eXpert in eXactly what you need today

I'm a lonely letter
I'm an X
It's hard when no one notices that you're the best
Folks think I'm just a symbol well well I don't mind
I'll just mark the spot to show you where to sign
On the dotted line

A lonely letter and I don't know why
You hardly find me at the front of the line
When you really need me, well you'll find me inside
I'm a lonely lonely letter and I'm a little bit shy

I'm a lonely letter
Like hello I'm an X
I scare you in scrabble oh anything but X
You see me standing neXt to Xylophone
And I don't know anyone who plays the Xylophone

(Oooh that's good that's hot)
It isn't easy oh it isn't easy
to be a little bit awkward and a little bit shy

Lonely lonely letter
I'm an X
I know you can't even imagine what's coming up neXt
You only need me to have an X-ray
But I'm an eXpert in eXactly what you need today

(Spoken)
And where would AleX be without ME? Huh?
Yeah think about that — It's signing time with WHO??
Yeah, that's right —

It's Signing Time with X and Leah— you got that?
X and Leah. Yeah. And uhhh Next time you order eXtra fries
or an eXtra large drink, you'll be praising my name! "A" gets all
the attention around here,
And there's just me and Q waiting for our day in the sun.

5 A DAY

We can count them up
And we can count them down
Every day we count around
It's 1-2-3-4-5 a day
Eating in a healthy way
1-2-3-4-5 a day
Five every day

Today's a VEGGIE VEGGIE FRUIT FRUIT VEGGIE day
That means a CARROT BEAN BANANA APPLE LETTUCE day
Or maybe FRUIT FRUIT FRUIT FRUIT VEGGIE day
That could be APPLE PEAR BANANA MELON CARROT day

Any way you slice it or dice it or peel it
It's gotta add up to 5 a day
Any way you slice it or dice it or peel it
It's gotta add up to 5 a day

We can count them up
And we can count them down
Every day we count around
It's 1-2-3-4-5 a day
Eating in a healthy way
1-2-3-4-5 a day
Five every day

Tomorrow's FRUIT VEGGIE FRUIT VEGGIE VEGGIE day
That means a PEACH CORN TOMATO BEAN POTATO day
Or maybe VEGGIE VEGGIE VEGGIE FRUIT VEGGIE day
That could be CORN POTATO LETTUCE GRAPE and CARROT day

Any way you slice it or dice it or peel it
It's gotta add up to 5 a day
Any way you slice it or dice it or peel it
It's gotta add up to 5 a day

That you never knew that you could do

SHINE

Zane Alexander Gardner (11/12/1998-2/11/2002)

Zane- you taught me that heroes come in all sizes. Thank you for helping me let go of the typical timelines so that Lucy was free to reach milestones at her own pace. You helped me believe in Lucy and now Lucy is inspiring so many others. You gave me hope, and hope is the ultimate gift. You still inspire me. ~R

Sometimes I see you stuck
For such a long time
A daily nothing new
Pretend I don't mind
With lists of things you'll never do
Until somehow you do
And you do — you do — you shine

The days and months and years,
they run together
Is it just one day? Or is this forever?
You've taught me in your lifetime
More than I'd learned in mine
And you do, you do, you shine

Shine Shine Shine Shine Shine
Shine your light on me
Shine Shine Shine Shine Shine
everyone will see
Shine Shine Shine Shine Shine
I'm so glad you are mine
And you'll shine in your own time

Well, maybe I'm too close to see you clearly
Or is it now my role to simply believe?
You're just one of those mysteries
That may never be solved in time
But you do — you do — you shine

And Sammy will do what Sammy will do when Sammy is ready to do it
And Trevor will do what Trevor will do when Trevor is ready to do it
And Lucy will do what Lucy will do when Lucy is ready to do it
And they'll do it in their own time

Yeah, they'll Shine Shine Shine Shine Shine
Shine your light on me
Shine Shine Shine Shine Shine
And everyone will see
Shine Shine Shine Shine Shine
I'm so glad you are mine
And you'll shine, and you shine
