Turtle Rock

Turtle Rock is the perfect place
It's the perfect place to be
Turtle Rock it's not too hot
And it's not too cool for me

You see it from a mile away
A mile away 'cause everyday
They all flock to Turtle Rock
On Turtle Rock they play

Here come the FROGS
They leave their logs
And they all hop
And land on top of Turtle Rock

Here come the FROGS (ribbit ribbit hop hop)
And they all hop to Turtle Rock

Here come the SNAKES
They leave the lakes
And slither straight
To take their place on Turtle Rock

Here come the SNAKES (slither slither ss ss)
Slither straight on down to Turtle Rock
Here come the FROGS (ribbit ribbit hop hop)
And they all hop to Turtle Rock

Goodnight

The sun is going down
The day is slowing now
The families who've played all day
Are gathered close around

The stars shine in the sky
The moon is standing by
Good friends

Good fun
The time has come
To say goodnight
goodnight
goodnight
goodnight

It's time to say goodnight
Goodnight Goodnight
Goodnight Goodnight
Goodnight Goodnight

Right Place, Right Time

Not all people are "people people"
That goes for animals too
It's okay to be shy
Even if you don't know why
And even if you live in the zoo

You've got to be in the right place at the right time
To catch them passing by
If you're in the right place at the right time
You might see a PORCUPINE

If you're in the right place at the right time
A shadow under the moon
If you're in the right place at the right time
Isn't that a RACCOON?

You've got to be in the right place at the right time
In the morning in the clear
If you're in the right place at the right time
You might spot a DEER

If you're in the right place at the right time
Through the cabin's cool night air
If you're in the right place at the right time
...I think I hear a BEAR

Life is full of surprise
When you open your eyes
And you happen to find

That you're in the right place at the right time
In the forest on a bough
If you're in the right place at the right time
Listen for an OWL
If you're in the right place at the right time
Something really stunk!
If you're in the right place at the right time
Yes that's a SKUNK

You've got to be in the right place at the right time
Well who stacked sticks in the river?
If you're in the right place at the right time
That's the sign of a BEAVER

If you're in the right place at the right time
You might just find a track
If you're in the right place at the right time
It's safer than a WOLF... or a pack

Life is full of surprise
When you open your eyes
And you happen to find

That you're in the right place at the right time
Don't forget to check the sky
If you're in the right place at the right time
To see an EAGLE soaring by

If you're in the right place at the right time
It's just a lucky toss
If you're in the right place at the right time
I've still never spotted a FOX

When the Bugs Come Marching In

When the BUGS come marchin' in
When the BUGS come marching in
You better steer clear of my backyard
When the BUGS come marching in

When the ANTS come marchin' in
When the ANTS come marching in
You better steer clear of my backyard
When the ANTS come marching in

When the FLIES come flyin' in
When the FLIES come flying in
You better steer clear of my backyard
When the FLIES come flying in

When the SPIDERS come creepin' in
When the SPIDERS come creeping in
You better steer clear of my backyard
When the SPIDERS come creepin' in

When the BEES come buzzin' in
When the BEES come buzzing in
You better steer clear of my backyard
When the BEES come buzzing in

When the WORMS come crawlin' in
When the WORMS come crawling in
You better steer clear of my backyard
When the WORMS come crawling in

When the MOSQUITOES come swarmin' in
When the MOSQUITOES come swarming in
You better steer clear of my backyard
When the MOSQUITOES come swarming in

Oh when the BUGS come marching in
(Look Out!)

Caterpillar Dreams

I'm a little CATERPILLAR tiny and green
Crawlin' around head full of dreams
Inch by inch takes all day
I'm dreamin' of wings and flyin' away

Just a little CATERPILLAR down on the ground
I climb a tree hang upside down
I don't know why I build a cocoon
Not sure why I do what I do

But if I were a BUTTERFLY
I could leave the ground behind
Would things look different way up high?
I wish I were a BUTTERFLY

I'm just a little CATERPILLAR fast asleep
Eyes closed tight lost in a dream
In my dream I break free
Stretch out my legs and check out my wings

I feel just like a BUTTERFLY
Watch me leave the ground behind
Things look different way up high
I feel just like a BUTTERFLY

*Look at me I'm flying!
I'm really flying!
Somebody pinch me!*

Tell the animals we're comin'
We're standin' in the lines
The turnstiles are clickin'
And the kids are feelin' fine
There's nothin' I would rather do
Than spend the day at the zoo with you
There's nothin' I would rather do
Than share this day with you

Choo choo choo choo
Whoo hoo whoo hoo
Here it comes all aboard
Let's get on the zoo train

Choo choo choo choo

Walkin' Through the Zoo

I'm walking through the zoo
Watchin' everything
I'm lookin' at the RHINOS
Or are they looking at me?

And what about the BATS?
Upside down like that
Are we up and they are down?
Or is it the other way around?

Who's here to see who?
At the zoo
I love to watch the SEALS
They love to watch me too

Walking through the zoo
Watchin' everything
I'm looking at the PANDAS
Or are they looking at me?

And what about the HIPPOS
Floating in their pool
I see them through the water
Can they see me through water too?

Who's here to see who at the zoo?
I love to watch the ZEBRAS
And they love to watch me too

Ooooooooo
I'm walkin' through the zoo
Ooooooooo
I think they're watching me too
I love to watch the TIGERS
And they love to watch me too

Walking through the zoo
Watchin' everything
I'm looking at the LIONS
Or are they looking at me?
Or are they looking at me?
Or are they looking at me?

In the Water

There are bubbles in the water
Waves in the water
STARFISH in the water
And shrimp in the water

There are LOBSTERS in the water
CRABS in the water
OCTOPUS in the water
And DOLPHINS in the water

Looking above
Or looking below
There are so many things
I'd love to know

Looking above
Or looking below
There are so many things
I'd love to know

There are bubbles in the water
Waves in the water
WHALES in the water
And SHARKS in the water

And you don't seem so far at all
But I'm happy to stay on this side of the wall

Guess What I Am

I'm small I'm brown
I swing around
Swing from my hands
Swing from my feet
I swing with my tail
And swing in the trees
Guess what I am
Can you guess what I am?
I'm a MONKEY!

I'm big I'm brown
I hop around
And in my pouch
Joey hops too
We love to hop
That's just what we do
Guess what I am
Can you guess what I am?
I'm a KANGAROO!

I'm big I'm brown
My back is round
With one hump
And sometimes two
If you're stuck in the desert
I will get you through
Guess what I am
Can you guess what I am?
I'm a CAMEL!

I'm big I'm strong
My arms are long
A silver back
Or brown or black
If I pound on my chest
It might help you guess
Guess what I am
Can you guess what I am?
I'm a GORILLA!

It's easy to be anything
Pick a few facts
Then put on an act
Now that you know your
animal signs
You can be an animal
any time

I'm quiet I'm green
I eat anything
I swim fast
Or wait awhile
I creep so slowly
With a great big smile
Guess what I am
Can you guess what I am?
I'm a CROCODILE!

I'm big I'm gray
Move out of my way
My trunk can reach
My trunk can stretch
With a little water
I can get you wet
Guess what I am
Can you guess what I am?
I'm an ELEPHANT!

It's easy to be anything
Pick a few facts
Then put on an act

Now that you know your
animal signs
You can be an animal
any time

I'm black I'm white
I slip and slide
Get in line
To catch a fish
I teeter around
Then take a dip
Guess what I am
Can you guess what I am?
I'm a PENGUIN!

I'm big I'm tall
And best of all
I can see
Above the trees
And I can reach
All the leaves
Guess what I am
Can you guess what I am?
I'm a GIRAFFE!

I'm a PENGUIN!
I'm an ELEPHANT!
I'm a CROCODILE!
I'm a GORILLA!
I'm a CAMEL!
I'm a KANGAROO!
I'm a MONKEY!
